Up 3% M-o-M and 16% Y-o-Y**

2014/05/08

Lite-On Technology (TW 2301) today reported April consolidated revenue of NT\$18.91 billion with growths of 3% M-o-M and 16% Y-o-Y. All core products showed steady consecutive growth, resulting from increased end-market demand, while sales of Camera Module and HIS (Human Input Solutions - PC keyboards and peripherals) hit monthly sales highs. Cumulative consolidated revenue of Lite-On from January to April reached NT\$70.31 billion, up 12% Y-o-Y.

Optoelectronics business segment contributed a 29% share of Lite-On's overall revenue in April. Thanks to growing demand, LED Components and Lighting products kept growing M-o-M; Camera Module showed a remarkable revenue growth of approximately 90% Y-o-Y, supported by high megapixel product expansion and smooth delivery, as well as ongoing gains in the global market shares of smartphones and tablets.

Information Technologies business segment accounted for 46% of the total revenue, of which power supplies revenue posted growths of about 20% both Y-o-Y and M-o-M, resulting from increases in global demand for networking devices and server power management systems in cloud computing applications, mobile devices and game consoles, as well as stable demand from PC markets. Moreover, thanks to the delivery growth of its laser models, Multi-Function Peripherals presented a revenue expansion of over 20% Y-o-Y; HIS (Human Input Solutions - PC keyboards and peripherals) enjoyed a revenue growth of over 30% Y-o-Y, driven by ongoing market share gains as well as the smooth delivery of tablet keyboards, while Enclosure posted a revenue growth of over 50% Y-o-Y, driven by the smooth delivery of high-end server enclosure products in April.

Storage business accounted for 17% of total revenue in April, and thanks to increased demand, coupled with ongoing market share gains, Solid State Drive (SSD) presented a revenue growth of approximately 20% Y-o-Y, while products for game console application presented an impressive yearly growth.
