

Lite-On Technology Reports Consolidated September Sales of NT\$20.31 Billion

2014/10/08

Lite-On Technology (TW 2301) today reported September consolidated revenue of NT\$20.31 billion, up 6 % M-o-M and maintaining the same level as during the same period last year. All core businesses showed steady consecutive growth, resulting from stable end-market demand. Lite-On's cumulative consolidated revenue from January to September reached NT\$170.55 billion, up 11% Y-o-Y.

The Optoelectronics business segment contributed a 24% share of Lite-On's overall revenue, and increased 10% Y-o-Y in September. Thanks to growing demand, LED Components and Lighting products presented a growth of approximately 20% Y-o-Y. Meanwhile, Camera Module presented a growth of approximately 10% Y-o-Y, supported by high megapixel product expansion, as well as ongoing global market share gains of smartphones and PCs.

The Information Technologies business segment accounted for 47% of total revenue with a growth of 4% Y-o-Y, of which Power Supplies posted growths of over 10% both Y-o-Y and M-o-M, resulting from increases in global demand for server power management systems in cloud computing applications, mobile devices, and game consoles. Meanwhile, thanks to ongoing market share gains as well as the smooth delivery of tablet keyboards, HIS (Human Input Solutions - PC keyboards and peripherals) enjoyed a revenue growth of nearly 20% Y-o-Y.

Storage business accounted for 19% of September revenue, up 9% Y-o-Y. Thanks to increased end demand and ongoing market share gains, Solid State Drive (SSD) presented a revenue growth of over 50% Y-o-Y, while products for game console application posted a growth of approximately 20% Y-o-Y, mainly resulting from seasonal peak demands.
