

Lite-On Technology Reports Consolidated October Sales of NT\$19.76 Billion

2015/11/9

Lite-On Technology (2301-tw) today reported October consolidated revenue of NT\$19.76 billion, maintaining the same revenue level as the same period last year, and declined 4 % M-o-M. Cumulative sales for January to October totaled NT\$178.95 billion due to the global lukewarm ICT demand in 2015.

The Optoelectronics business segment contributed a 23% share of Lite-On's overall revenue. Thanks to the increased demands from LED Lighting, overall LED Components and Lighting products yearly revenue continued to grow.

The Information Technologies business segment accounted for 49% of sales with a revenue growth 3% Y-o-Y, of which Power systems' October revenue grew approximately 10% Y-o-Y as a result of increases in global demand for server and networking power management systems in cloud computing, mobile devices and game consoles.

The Storage business segment accounted for 18% of sales, delivered over 10% yearly growth, thanks to the increased demand for game consoles.
