Lite-On Technology Reported September Revenue of NT\$14.8 Billion Second Historical Monthly Record High

Taipei, October 8, 2004 – Lite-On Technology reported its global consolidated September revenue of NT\$14.8bn, increasing at 10% MoM and 47% YoY, making September sales the second highest record in history. Revenue accumulated year-to-date totaled NT\$117.9bn, increasing at 67%YoY.

Opto-electronic products including Digital Display, Power Supply, LED and Imaging products together amounted to NT\$10.9bn in September, constituting 74% of total turnover.

Imaging product revenue grew strongly at 29% MoM to NT\$1.9bn with 48% YoY growth. While laser printer shipment continues to increase, phone camera module shipment also attained another monthly record high.

Digital Display products, including CRT and LCD monitors, LCD TV and projectors, shipped over 700k in September. Digital Display revenue was NT\$6.3bn, increasing 3% MoM and 59% YoY.

LED product revenue was NT\$730mn, decreasing 3% MoM due to the softening end-market demand, though increasing 42% YoY.

Power Supply product revenue was NT\$2bn, decreasing 6% MoM, although increasing 19% YoY. Weakening sales is a result of customers' delay in shipment schedule.

Revenue of other products including PC systems, keyboards, networking equipment and wireless handsets was NT\$3.9bn, constituting 26% of total turnover. Handset shipments continue to increase as Lite-On Technology started shipping to a new customer.
