2009/07/08

Lite-On Tech. (TW 2301) today reported its June consolidated revenue of NT\$8.04 billion, up 13% M-o-M, hitting a record high in 2009. Thanks to an ongoing gain in market share and better account mix, coupled with moderate recovery in end demand, Lite-On's Q2 consolidated revenue reached NT\$22.68 billion, an increase of 17% over Q1. Total revenue in the first half of 2009 was NT\$42.12 billion.

In June, business units with the strongest growth included Imaging business unit, with a revenue increase of 37% M-o-M, also hitting a historical high. Optoelectronics and HIS (Human Input Solutions, PC Keyboard and peripherals) also posted strong gains, with monthly revenue increasing at 6% and 18% respectively.

In the second quarter, the Optoelectronics and Power Supply business units' revenue grew 33% and 27% respectively, compared to the prior quarter, as a result of strong volume and sales growth in end applications. Meanwhile, Imaging and Network Access business units also posted solid quarterly increases of 14% and 29%, while other business units showed moderate growth.
