

LITEON Technology Reports Consolidated March Sales of NT\$10.8 Billion, up 33% M-o-M

2024/4/9

LITEON Technology (2301-tw) today reported its March consolidated revenue of NT\$10.8 billion, up 33% M-o-M. Thanks to the growth from power management in cloud computing & advanced server, cumulative sales for January to March totaled NT\$28.8 billion.

Opto-electronics Business contributed a 21% share of total sales, of which, thanks to the delivery growth in LITEON's worldwide No.1 shipment photocouplers, infrared applications and LED vehicle lighting, Opto-electronics Business posted a monthly increase around 10%.

Cloud & AIoT Business contributed a 37% share of sales, of which, with the on-going demand for power management systems of high-end datacenter server and cloud computing, Cloud & AIoT Business posted a monthly growth over 40%.

Information Technology & Consumer Electronics Business accounted for 42% of sales, of which, with the delivery growth in advanced power supplies and high-end keyboards intelligent peripherals, Information Technology & Consumer Electronics Business posted a monthly growth over 40%.
