

LITE-ON Technology Reports Consolidated July Sales of NT\$15.35 Billion

2019/8/12

LITE-ON Technology (2301-tw) today reported its July consolidated revenue of NT\$15.35 billion, maintained the same level as the same period last year and decreased 5% M-o-M, excluding sales of the transferred mobile mechanical business. Thanks to stable end demand from core businesses, cumulative sales for January and July totaled NT\$101.02 billion.

Opto-electronics business segment contributed a 16% share of total sales, of which, LED components and outdoor lighting posted consecutive monthly growth.

Information Technologies business accounted for 66% of sales, of which, shipment growth of high-end server and networking power management systems for cloud computing, and power supplies for AI smart home devices, ongoing market share gains in HIS (human input solutions - PC keyboards and peripherals), coupled with the smooth delivery in laser models of multi-function peripherals drove Information Technologies a consecutive yearly growth. Meanwhile, the Storage segment accounted for 13% of total revenue.
